

# HOLMIT BUILDING SERVICES P/L

## Quality Policy Statement:

Holmit Building Services is a Tasmanian owned and operated residential, commercial & civil construction company. It pursues innovation and endeavours to deliver fair value to its customers and stakeholders in a safe, environmentally friendly, legally compliant and sustainable manner.

Holmit Building Services has a detailed understanding of project management and a skilled construction team. We are well situated to co-ordinate resources and trades to ensure residential and commercial projects are completed on-time and to a high-quality finish. It is our mission to consistently provide a service that exceeds our customer's expectations. To achieve this, we are committed to continuous improvement of our operations and the products and services provided by our company.

## Our Main Objectives Are To:

- Build projects that our customers, workers and the wider community can enjoy and are proud of with minimal impact on the environment.
- Ensure our customers have a positive experience throughout the entire process from concept to completion.
- Provide a safe working environment in which our workers and sub-contractors can work to their full potential.
- Produce a quality, defect free project efficiently and effectively the first time.
- Ensure that quality is at the forefront of all Holmit Building Services projects, and is actively promoted by management and carried out by all workers and sub-contractors
- Comply with Standards & Legislative requirements that allow Holmit Building Services to tender for State Government and Local Council Projects

As we grow, Holmit Building Services will continually review and change our Quality Management System and Quality Management Policy as part of its commitment to continually improve processes and procedures throughout our business.

John Dobson

Managing Director
